

# Thank you for 10 years of CIF!

The Community Investment Fund (CIF) provides a unique, socially responsible investment opportunity for credit unions to support the work of the New York Credit Union Foundation (NYCUF) and the National Credit Union Foundation (NCUF).

Since 1999, CIF investors have provided a primary source of revenue for the NYCUF, helping the organization fulfill its mission of: serving credit unions, schools and community organizations that improve the financial literacy and independence of New Yorkers; and promoting the credit union difference. Over the past 10 years, CIF has enabled NYCUF to grant more than \$500,000 to other credit unions, associations and community organizations.

The NYCUF thanks the following credit unions for contributing to the CIF success story:

## Chairman's Club

*.25% of assets or \$2+ million*
